**Hints of Utilization / Remarks**
***Verwendungshinweise / Bemerkungen***

The piping system consists of a:

- multilayer pipe with medium conveying inner pipe made of stainless steel provided with a solid fixed smooth outer covering layer of polyethylene and
- stainless steel/plastic composite press fittings

Type testing according to EOTA EAD 290001-0701 "Kit for the transport of cold and hot water inside buildings".

For the materials in contact with drinking water hygienic suitability has been demonstrated by test reports according to UBA (KTR Guideline) and DVGW W 270.

Initial inspection of factory and factory production control (FPC) were carried out in the manufacturing plants Attendorn, Ennest, Niederwinkling and Lennestadt-Elspe after the Construction Products Directive (EU) No. 305/2011 according to NB-CPD/AG/03/004r2 edition 16.02.2011.

The individual production plants and their factory production control (FPC) will be monitored annually.

The product possesses a declaration of performance in accordance with CPR (EU) No. 305/2011 with number: LE/DoP Nr. 290001/G7/44
